Interpretating Data

We prepare our food in kitchens with products containing Gluten and Nuts as well as other allegerns. Allergy data detailed in the table below has been derived from specifications obtained from the suppliers of our products. We have taken all reasonable steps to ensure that this table is accurate. We **CAN NOT** guarentee any product is 100% free from any allergen because of the risk of unexpected cross contamination

Interpretating Data

We prepare our food in kitchens with products containing Gluten and Nuts as well as other allegerns. Allergy data detailed in the table below has been derived from specifications obtained from the suppliers of our products. We have taken all reasonable steps to ensure that this table is accurate. We CAN NOT guarentee any product is 100% free from any allergen because of the rsk of unexpectd cross contamination
